

MARK VICKERS INTRODUCTION

Journey to a Hate Free Millennium

Out of respect for our featured speaker and our audience, please take this time to set your cell phone to silent alert or OFF. Thank you!

Mark Vickers spent over twenty years in the corporate world working with new technologies for companies large and small. After a successful career, and years in senior management, Mark followed his passion and began helping people improve their lives and achieve their dreams as a certified life coach.

Mark became involved with Journey to a Hate Free Millennium out of his desire to help people improve their world and to help them become part of the solution leading to a Hate Free society.

“Journey to a Hate Free Millennium” is a multiple award-winning documentary that has been presented in each U.S. State, Puerto Rico, and twelve foreign countries.

As we experience the educational version of the film, each of you are invited to take a look at the impact that HATE has in your own life, our community, and our world. Each individual holds the power to make a difference in the world and it starts with a single idea and the commitment to make it happen.
